

## **UAS Request for Exception Form**

The use of Unmanned Aircraft Systems (UAS/drone) on campus is prohibited, unless this UAS Request for Exception Form is submitted to the University and written approval of the request is granted pursuant to the University of Northern Colorado ("University" or "UNC") Drone Policy ("Policy"). UNC Police Department or other campus personnel may request to see an approved copy of this form to ensure that a person has permission to operate a UAS. Any person operating a UAS on University property after receiving permission to do so must have a copy of the approved request form with them during UAS operations.

A person operating a UAS (whether or not a Request for Exception has been approved by the University) is responsible for all damage/injury to person and/or property caused by operation of the UAS.
