Pet-Sitter Release Form

As a member of the Pet Friendly Community, I understand it is my responsibility to always care for my pet. If there are circumstances that require me to be away from my pet for an extended period of time, it is my responsibility to designate a care provider for my pet (must be a UNC residential student). For each period of time, I must be away, Sitter my community Residential Coordinator. Forms must be submitted at least one week in advance.

This form is intended for pet sitting access while a resident is away for a short period of time (i.e., a weekend trip.) Pet sitting forms are not intended for regular animal care and abuse of the form may result in revocation of pet approval. Residents with an animal are responsible for the regular care of their animal including feeding, waste removal, walking, etc.
